

EDGE BANDING, CNC & PRESSES

AUTOMATIC EDGE BANDING MACHINE WITH PRE-MILLING

FACTORY DIRECT | LANDED IN RAND | 380 V

R242 033

Landed and cleared, collected from our Johannesburg warehouse.

A fully automatic edge bander with pre-milling: it trims the panel edge true before it glues the band on, which is what gives a factory-clean finish on melamine and MDF cabinetry. Gluing, end trimming, fine trimming, scraping and buffing all in one pass.

LEAD TIME 10–13 weeks from order

SPECIFICATION
