JWM's flagship guard tour reader. Every checkpoint tap uploads over 4G as it happens, GPS shows where the guard is and plays back the route, and the guard signs on with a fingerprint, so nobody can patrol on someone else's behalf. An SOS button and voice calls reach the supervisor in an emergency, and the reader reminds guards when a round is due. Managers see patrol reports anytime, anywhere. Tryg is an authorised JWM distributor in South Africa.

BY AIR About 12–14 days to our Johannesburg warehouse, from the factory's stock, duties paid (DDP)
