

MILLING & GRINDING

MAIZE HAMMER MILL, 100–200 KG/H

FACTORY DIRECT | LANDED IN RAND | 220 V

R10 889

Landed and cleared, collected from our Johannesburg warehouse.

A compact hammer mill for milling maize, grains, wood and dry materials into meal or powder — 100–200 kg/h, runs on ordinary 220 V single-phase power, so it suits a small mill or farm with no three-phase. Change the sieve (1.5–10 mm) to set how fine it grinds.

LEAD TIME 6–8 weeks from order

BY AIR about 10–12 days in the air once the factory dispatches, on request

SPECIFICATION

WHAT YOU ARE GETTING

Capacity	100–200 kg/h (maize)
Power	2.2 kW, 220 V single phase, 50 Hz
Sieve	1.5–10 mm (4 mm standard)
Crated size	750 × 450 × 730 mm
Gross weight	85 kg
Warranty	12 months
Lead time	6–8 weeks from order
By air	about 10–12 days in the air once the factory dispatches, on request
